## Project Description

This sprawling estate is located in a beautiful and serene rural setting. The grounds are immaculately-groomed and provide a pristine exterior appearance. The living areas boast 2-story-high ceilings, and oversized glass windows and doors to enjoy spectacular views of the surrounding wooded countryside from every room of this stunning transitional residence.

## Unique Requirements and Solutions

The home features operating arched casement windows, 7-foot-tall glass windows, and 9-foot-tall patio doors. These oversized windows and doors provide stunning architectural elements to this magnificent home.

## Comments from Project Associates

Mario Giannandrea with Stone Hollow Properties & Development says, "Windsor windows have been a great product for several of my customers for the past 25 years. The Windsor Pinnacle series is a well-crafted, reliable, and built-to-last product that offers exceptional performance."
